THE SINGAPORE ADVANTAGE

INTERNATIONAL CONNECTIVITY

Singapore is located at the heart of Southeast Asia, with excellent connectivity to serve the fast-growing markets of the Asia-Pacific region and beyond.

TRUSTED REFERENCE

Singapore has established itself as one of the leading centres for international arbitration and mediation, with its arbitration and mediation-friendly legal system and modern infrastructure.

Singapore is also ranked as Asia-Pacific's most preferred arbitration hub and ties for 1st place as the top seat of arbitration in the world (Queen Mary University of London 2021 International Arbitration Survey).

Well-regarded internationally for its impartiality and neutrality, Singapore is ranked the most transparent and least corrupt country, based on the Corruptions Perceptions Index 2020 by Transparency International. The Political & Economic Risk Consultancy has consistently ranked Singapore as the least corrupt country out of the 16 countries surveyed in Asia.

STRONG LEGAL INFRASTRUCTURE

The quality of Singapore's legal system, based on the British Common Law System, is highly regarded.

Singapore's legislation on international commercial arbitration is based on the UNCITRAL Model Law. As a party to the 1958 New York Convention, Singapore's arbitral awards are enforceable in approximately 150 countries. Singapore is also served by a strong base of skilled and experienced practitioners in international arbitration work. Many top international law firms have offices here.

In 2019, Singapore, together with 46 other countries, signed the Singapore Convention on Mediation, reaffirming the close and long-standing legal relations with the other parties. The Convention entered into force on 12 September 2020, and businesses around the world now have greater certainty in resolving cross-border disputes through mediation.

OPEN ARBITRATION AND MEDIATION REGIME

Foreign arbitrators and mediators have complete freedom to practice arbitration or mediation work in Singapore. They also enjoy a concessionary withholding tax rate on gross income.
